

## DEH-P6850MP

### In-Dash CD Tuner with MP3, WMA, WAV, iTunes AAC and OEL Display

The DEH-P6850MP is the hub for a truly multi-media experience in the car. Enjoy your MP3, WMA and even AAC music files from your own discs, and easily search and control using the 7-Way Rotary Commander. Easily connect and control your iPod with the available iPod adapter - the same 7-Way Rotary Controller operates virtually identical to your iPod! Or quickly connect any music player or source with the AUX Input, located on the front of the unit.

RRP: \$629

- Motorised Detachable Face simplifies removal and adds some style.
- 160x48 pixel Pure Blue OEL display maximises visuals and information.
- EQ includes 7-Band Graphic Equalizer for precise audio tuning.
- RCA preouts use 4-Volt signal level for increased resistance to signal degradation over longer RCA...
- Auxiliary input jack on front panel for connection of external music players.
